

WE ARE GOING ON STRIKE

FORCE YUDOF TO RESPECT THE LAW AND PROTECT UC

WHO

★ UPTE-CWA technical (TX) and research (RX) unit members, supported by other UC unions, unrepresented staff, faculty and students.

WHEN

★ Thursday, September 24, 2009.

WHERE

★ All campuses and Lawrence Berkeley National Lab.

WHAT WE WILL GAIN

★ We'll force UC to bargain fairly for job security and pay, as well as health and safety.

★ We'll oppose UC President Mark Yudof's effort to re-orient UC towards profit-making and away from public service with his strategy of permanent downsizing and disrespect of workers' rights.

UNITY

"We work too hard making UC great to let Yudof downsize and destroy it with his illegal actions. I'm striking on September 24 to make a statement to Yudof that he is not above the law ... no matter how much he gets paid." – Brenda Thomas, UC researcher and UPTE-CWA activist

WHY

★ To force UC to bargain in good faith on compensation, furloughs and the state budget.

UC's UNFAIR LABOR PRACTICES

★ Yudof has refused to bargain over budget cuts for state-funded employees. His bargaining team has refused all discussion of alternatives with UPTE-CWA, insisting instead on a blank check to implement layoffs and furloughs.

★ UC has refused to bargain over funding that is already allocated in grants for employees' raises.

★ UC unilaterally implemented increases to health benefit premiums and transportation rates (see <www.upte.org/rx-tx/ulp>).
