

**COGS 102A \* Video-Recording Consent**

As a part of a course I am taking, I would like to video your activities in the course of \_\_\_\_\_. I am primarily interested in the ways you make use of information during this activity. At times, I may take notes on your activities, or may ask you to elaborate on or clarify your actions. This video and any notes I take will be used only for the purposes of this class project. A segment of the video will be shown in class during a presentation on this project and submitted to my instructors with my project write-up. You will not be identified by name in either the presentation or the write-up of the project. Your participation is entirely voluntary, and you may halt the taping at any time. Do you agree to participate in this study?
