The situation concerning Iraq

Communication dated 13 February 2007 from the Permanent Representative of the Republic of France to the United Nations addressed to the President of the Security Council (S/2007/201)

Communication dated 13 February 2007 from the Permanent Representative of the United States of America to the United Nations addressed to the President of the Security Council (S/2007/202)
To: UN Security Council
Subject: The post-conflict situation in Iraq
Submitted by: France

The Security Council,

Recalling all of its previous relevant resolutions on Iraq,

Reaffirming the independence, sovereignty, unity and territorial integrity of Iraq,

Reaffirming also the right of the Iraqi people freely to determine their political future and control their own natural resources,

Welcoming the continuing work of the government of Iraq towards a federal, democratic, and unified state in which there is full respect of human rights,

Noting with grave concern the escalating violence and disregard for human rights within Iraqi territory,

Deeply disturbed by the continuing presence of foreign troops in Iraq, and expressing hope for the restoration of complete Iraqi sovereignty,

Believing that a timetable for the withdrawal of foreign troops could contribute to stabilizing the deteriorating situation in the country,

Determining that the situation in Iraq continues to constitute a threat to international peace and security,

1. Calls upon all involved parties to cease all violent and terrorist activities that subvert the ongoing democratic process;

2. Condemning any external support contributing to the violence and terrorism in Iraq,

3. Urges regional neighbors and the international community to support the political and economic development of the burgeoning Iraqi state;

4. Directs the Secretary-General to draft a timetable for withdrawal of all foreign troops from Iraq to be completed no later than 1 September 2008;

5. Recommends the gradual transfer of power from U.S.-led coalition troops to Iraqi Security Forces within the proposed timeline for foreign troop withdrawal.

_The Security Council,_

_Recalling_ its Resolutions 1721 (2006), 1731 (2006) and 1734 (2006) regarding the flow of combatants and arms from countries bordering locales in active conflict,

_Not ing_ the presence of Iranian manufactured explosive technology in current use in the Iraqi Shia insurgency,

_Further noting_ Moqtada al-Sadr's recent exodus from Iraq to find refuge in Iran,

_Deeply troubled_ by the implications of an alliance between Iran and elements of the Shia insurgency contributing to the overall instability and ongoing sectarian violence in Iraq,

_Further troubled_ by Iran's continued lack of transparency regarding movements of potential insurgents across the Iraq-Iran border and Iran's obfuscation of the activities of these possible insurgents while within the borders of Iran,

1. _Calls upon_ the UN Security Council to censure the government of Iran in response to their continued support of Iraqi insurgents (indirectly or otherwise),

2. _Demands_ that the Iranian government cease all illegal small arms support to Iraqi insurgents,

3. _Further demands_ that the Iranian government allow UN inspectors along the Iraq-Iran border to ensure compliance with the UN stance on small arms proliferation,

4. _Urges_ the government of Iran to provide the international community with the transparency necessary for effective monitoring of the border,

5. _Further urges_ the government of Iran to provide the international community with transparency regarding known terrorists within its borders and area of influence,

6. _Demands_ that the Iranian government supply the international community with information regarding the whereabouts and infrastructure of terrorist organizations and individuals which it supports (indirectly or otherwise), including Hamas,

7. _Decides_ to remain seized of the matter.
