The Security Council,

Reaffirming the independence, sovereignty, unity and territorial integrity of Iraq,

Recognizing the establishment of the United Nations Assistance Mission in Iraq (UNAMI) on 14 August 2003, the mandate of which was extended on 11 August 2005, and reaffirming that the United Nations should play a leading role in assisting the efforts of the Iraqi people and Government in strengthening institutions for representative government, and in promoting national dialogue and unity,

Stressing that this Iraqi national dialogue, which UNAMI should assist, is crucial for Iraq’s political stability and unity,

Emphasizing the request conveyed in the letter of 3 August 2006 from the Foreign Minister of Iraq to the Secretary General (S/2006/609), expressing the view of the constitutionally elected Government of Iraq that there are countries to be a vital role for UNAMI in assisting Iraqi efforts to build a productive and prosperous nation at peace with itself and its neighboring countries,

Welcoming the Secretary General’s agreement as requested by the Government of Iraq, that the United Nations, as co-chair, will provide strong support for the International Compact of Iraq, launched on 27 July 2006 with a joint statement by the Government of Iraq and the United Nations,

Noticing with grave concern the continuing sectarian violence throughout the region and most recently the massacre of students at Mustansiriya University last January 2007,

1. Calls upon the neighboring countries in the continuing effort of providing assistance and support to the Government of Iraq by means of monitoring violent activities and possibly reporting terrorist organizations to the Government of Iraq,
2. Request that the Secretary General continue to report to the Security Council on other nation’s efforts in bringing to an end the sectarian violence on a quarterly basis; for example in talks between Iran, Iraq, and Syria,
3. Further calls upon on the Government of Iran to draft a timetable to expedite talks and other strategic peace efforts in order to bring to an end the violence in Iraq no later than 1 December 2007,
4. Decides to remain actively seized of the matter.
