(Required) Archeological Data

Bones	Stones	
Big Toe	(Perishable Tools)	
Arched foot	Oldowan tools	
Knee	Tool to make a tool	
Pelvis	Acheulian Tools	
Foramen Magnum	Bifacial handaxe	
Canines	Discoid (& Aimed throw)	
Other Teeth	Levallois (Prep Core)	
Hands	Mousterian	
Skull (brain per endocast)	Hafted tools	
Body size	Late Stone Age (Upper Paleo)	
Bone density	Unchanging technologies	
Hyoid bone	Flexibility, idiosyncracy	
Basicranial flexure	Control of Fire	
Thorasic spinal column	Burial	
	Red Ocre	
Rift Valley, Africa	Jewelry	
Eurasia	Musical Instruments	
	Cave paintings	
See Lecture 2 Timeline &	Religious icons	
Museum of Man notes		

Plus Evol Theory See Lec 1

Phenotype & geneotype

Evol by Natural Selection...

Variance in heritables

Teleological Error

Convergence...

Sexual Selection

Reciprocal Altruism

Arms race ("ratchet")

Niche Construction

Genes & Memes

Kin Selection

Co-Evolution

Tinkering

Selective environment

Differential reproduction

Homologue, Analogue

Indiv v Group Selection

Plus Readings (Including listed - and other - issues)

Suddendorf & Corballis

Mental time travel, episodic memory, autonoetics, planning "WWWW" (esp When), recursion

Dunbar

Social functions of language, Gossip, Group & brain size, Abuse of data

Arbib

Mirror Cell System, F5 & Broca's, Hand to Mouth,

Gesture to Proto-Speech, Syntax & composition historic Donald

Memesis (imitative learning, pantomime, song), Language (lexicon, myth), External rep (symbolic artifacts, cumulative cult)

Falk

Motherese, Lullabye, Co-regulation, "Put the baby down", Furlessness, Alloparenting, The Sling

Laland et al

Niche construction, generating selection, bio-cultural coevolution (In group/out group, maladaptives, support weak, etc.)

	I	Indirect Data & Issues		
Primates	Brains	Gesture & Speech	Social Attention	Cooperation
Large-brained for mammals	Isometric/Allometric scaling	(See also Brain & Bones)	Rank not = Power	Accomplish together
Forward-facing eyes for depth	Mosaic Evolution	Hand & mouth	Track relations of others	Division of labor
High visual acuity & color	Endocasts	Lateralization of handedness	Base-camp, hunter/gather	Base-camp
Face perception	Brain size	Iconic Gesture	Increased inter-dependence	Hunter/Gatherer
Gaze detection	Regulator genes	Indexical Gesture	Fission/Fusion	Niche Construction
Sit upright, can walk bipedal	White matter	Onomatopoeia	Differential access to info	Caching
Overhead reach	Planum temporale	Lang as attention direction	Exploit / Inform	Carry tools
Opposeable thumbs	Left asymmetry	Vocal imitation	Theory of Mind	Bag? Knot? Suppress use?
High tactile acuity hands, face	Wernicke's area	Prosody	False Belief Task	Clothing - ecol & cult
Fine motor control hands, face	F5, premotor hand & mouth	Articulation	Recursion	Food sharing
Hand-eye-mouth coordination	Broca's area	Cost of trachea dropping	Hierarchical embedding	Coop hunt, Give
Mirror Cell System	Arcuate fasiculus	Subassembly/Hier org	Machiavellian Intelligence	Helping
More omnivorous, larger brain	Lateralization	Combinatorics	Deception	Empathy
Extractive foraging	Basal Forebrain to Broca's	Phonemes, Morphemes	Act as if, Pretend	Reputation
Rare tool use	Limbic+Prefrontal System	Syntactical embedding	Poss & Imposs worlds	Blame
Very rare collaborative forage	OrbitoFrontal Cortex	Colorless green ideas	Controlled attention	Ethics, Fairness
VERY rare teach	Lateral Amygdala	sleep furiously	Monitored attention	In group-Out group
	Medio-Dorsal Thalamus	Narrative	Counter deception	Self Control
Gesture & facial expression	Anterior Principal Thalamus	Who did what to who when	Self deception	Stalk,plan,deceive,motherese
Duets, food calls	Superior Temporal Sulcus	Pantomime	Unpigmented sclera	Reciprocal Altruism
Pred&Resp-specific alarm calls	Mirror System	Reference	Inform to redress diff access	Checking for Cheaters
	CIP, AIP	Iconic vs. Symbolic	Point, Show, Tell	Wason Selection task
"Human Language" studies	Canonical Neurons	Mimetic to arbitrary	Declaratives	Fundamental Attribution Error
Symbol use	Mirror Neurons	The Lexicon	Fundamental attribution error	Attributing motives
Small lexicon	Frontal Pole (Area 10)	Material symbols	Grice's Maxims of Coop	Entrain to
Imperatives vs. Declaratives	Cytoarchi: more space	Nicehe Construction	Rational Speech Act Theory	Breathing, walking
Human enculturation	Basal Ganglia	Naming in Apprenticeship	Epistemic engine	Rhythm, Melody
Teach, Show, some ToM	Ventral Dentate of Cerebellum	- Professional vision labels	Hearsay	Vocal/haptic work sync
	"Non-motor" activity	Human-scale re-presentation	Info as commodity	Imitation
Harlow: Social dependence	Von Economo Neurons		Self Control	Pantomime, Iconic gesture
Grooming	Radiator Theory	Development		Absent model
Prolonged immaturity	- exapting thermoregulation	Recapitulation		Vocal imitation
Invest in few offspring		Hand & mouth	Vocal imitation	Mimesis
Paternal help in monogamy		Neonatal imitation	Motoric altriciality	Imitation as demonstration
		Pointing	Social precociality	Imitation as attention direction
Social Complexity		Whole hand to finger control	Gaze games	Conformity
Power not = Rank		Bimanual coord	Joint attention	Innovation
Coaltional behavior		Tertiary object use	Point & show	Cultural norms
Social Tool Use (Mach Intel)	See Guidelines for	Pair, pot & subassemble	You-Me-It	Narrative
Fairness	CHRONOLOGY & PAPER	Vocal lags hand control	Scaffolding	Act as if
on class website	on class website	Babbling	Teaching	Plot as syntactical org
		Babbling & hand rhythms	Motherese	Explanation, asking WHY?
		Attribute help/hinder	Grandmothers (Menopause)	Persuasian
